MARVEL CARBURETION

For the
New
FORD

NEW Ford owners everywhere may now have the advantage of Marvel Carburetion.

There is a greater opportunity than ever before for Marvel Service Stations.

The new Ford *Marvel* is designed for Ford needs. Road tests have far exceeded expectations. New economies, pick up and power never before dreamed of have been attained.

Ford model Marvels will most certainly establish a new record for carburetor replacement sales. It is up to every dealer to "get set" for these most certain profits.

The new Ford MARVEL is an air valve carburetor with accelerating pump and economizer. This provides for maximum pick up from low speeds, fuel economy, power and road speed.
