

This is all you need

—to stop annoying and costly troubles caused by end-play in Ford or Chevrolet motors. This Ever-Tite Automatic Center Bearing Cap, installed in place of the regular cap, once and for all

STOPS END-PLAY and Prevents Its Recurrence

The automatic feature keeps it always tight—takes up play as fast as wear occurs. Easy to put on; needs no further adjustment. For Fords, \$3.50; for Chevrolets, \$4.00.

On bearing take-up jobs, use Ever-Tite Automatic Bolts—guaranteed to stop connecting-rod knocks for 50,000 miles. For all cars; \$3.75 to \$6.00. Write for catalog.
